Good afternoon Jim and Joel,

My understanding is the MY15 Passat (...201) would not shift during the US06 cycle this morning. Was this during the middle of the test that this started, or would it not shift from the beginning?

Can you confirm that the vehicle is now working/shifting properly or is this problem still existent?

Thanks in advance,
Garrett

Hello Jim,

As discussed, we will be sending the following 2.0l TDI vehicles to Ann Arbor to your attention. Once transport arrangements have been made I will have them sent to you as well.

- Ex. 6 Personal Privacy (PP)

 Passat 2.0 MY15 AT
- Jetta 2.0 MY15 AT
- Golf 2.0 MY15 MT
- Golf 2.0 MY15 MT

Kind regards,
